REVISED REPORT OF MARINE CASUALTY (CG-2692 SERIES) FORMS

The Office of Management and Budget (OMB) has recently updated and reapproved the Report of Marine Casualty CG-2692 series of forms with their new expiration date of July 21, 2022. The new series of forms can be found:

On the USCG Main Internet site: [Link](#)

- Report of Marine Casualty, Commercial Diving Casualty, or OCS-Related Casualty (CG-2692): [Link](#)
- Barge Addendum (CG-2692A): [Link](#)
- Report of Mandatory Chemical Testing Following A Serious Marine Incident Involving Vessels in Commercial Service (CG-2692B): [Link](#)
- Personnel Casualty Addendum (CG-2692C): [Link](#)
- Involved Persons and Witnesses Addendum (CG-2692D): [Link](#)

On the CG Office of Investigation and Casualty Analysis website: [Link](#)

Coast Guard Sector Delaware Bay requests that owners, agents, masters, operators, persons in charge of vessels, and maritime industry personnel required to report marine casualties begin using the updated versions of these forms immediately.

We also remind mariners that an e-mail to the USCG is not considered a satisfactory means of immediate notification of a marine casualty or hazardous condition since e-mail may not always be monitored. Notifications should be made via phone call or radio transmission to the 24/7 Sector Delaware Bay Command Center at (215) 271-4807 or VHF Ch. 16.

If you have any questions regarding the content of this bulletin, please contact my Investigations staff at (215) 271-4807 or PhillyIO@uscg.mil.
